

THE MORNING APPEAL.

TUESDAY..... JANUARY 12

The Funding Bill Killed.

Washington, Jan. 11.—Great interest was manifested in the outcome of the battle royal over the Pacific Funding bill, which came to a vote in the House today.

Two substitute bills were voted upon before the real issue.

The vote on the Bell substitute for the Powers' Pacific Railway bill today was 110 for and 156 against.

The Harrison substitute was defeated. Ayes, 55; nays, 214.

The Pacific Funding bill is beaten by about 2 to 1 as far as the vote has gone. The defeat of the bill seems assured.

The result of the first roll call on a motion to engross and read the bill for the third time was, ayes 85, nays, 145.

The final vote on the Funding bill stood, yeas 102, nays 168. This kills the bill outright.

Assemblyman Garrard.

It has been charged that Assemblyman Garrard, of Esmeralda can't caucus with any party because he was elected on an independent ticket. According to the APPEAL's idea Mr. Garrard is as clean a cut silver man as one often sees. During the campaign he circulated the following as his platform:

1st. I favor the election of William J. Bryan for President and Arthur M. Sewall for Vice President.

2d. I endorse the platform of the National Silver Party adopted at St. Louis, July 25, 1896.

3d. I declare the restoration of silver to the place accorded it as a money metal by the founders of the government to be the paramount issue.

4th. I am in favor of the remonetization of silver at the legal ratio of 16 to 1 by the United States.

5th. I am for a government by the people, of the people and for the people.

A. GARRARD.

He was elected on this platform and is entitled to a seat in the silver caucus.

THE SENATORIAL FIGHT.

Joe Grandelmeyer Comes Out For John P. Jones.

Hamilton, Nev., June 7th.

EDITOR CARSON APPEAL:—I would like to have a few words to say in your columns regarding the Senatorial contest which is soon to come off in Carson. I am surprised that Mr. Nixon accuses John P. Jones of not being a bona fide resident. Let me say that Nevada never had a more bona fide resident than John P. Jones from the day he first landed in Nevada to date, and when the Republicans and Democrats of Nevada first elected him to the U. S. Senate, no greater man ever had at heart the interests of the miner and mines of Nevada. I ask all who are skeptical regarding Jones to read his great speech made March, 2nd 1877 and Feb., 14th 1878. The press of the world honored and complimented it.

It was Jones of Nevada who blazed the way to restore to the American people the honest money, the silver dollar, the great panacea for all our woes of America, the double standard of money, silver on a par with gold of 16 to 1 and every man who loves liberty should honor and appreciate Honorable John P. Jones. In 1877 he used \$100,000 of his own money to gather statistics and facts from all over the world, to show and prove the great wrong that was done to all average people and business in America by the demonetization of silver February 12, 1873 and ever since to date for 25 years. No one has ever had the interest of Nevada more at heart or more completely flogged all his opponents in the Senate than Hon. John P. Jones, and it is for our incoming Legislature to bestow the honor and return him to the United States Senate unanimously for all the work done in the past, and for his faith and belief in the free coinage of gold and silver at the ratio of 16 to 1, and the honor to return Jones, should come to him without the expenditure of one dollar, and for our incoming Legislature not to return Jones to the United States Senate, would be a bad thing for the State, they would call us cowards, traitors, knaves and fools in the east, if any other man should be sent to the United States Senate from Nevada than Hon. John P. Jones.

Yours truly,

JOSEPH GRANDELMAYER.

Gold and Silver Product.

From information received from officers of the mint service and other agents employed to collect the statistics of the production of gold and silver from the mines of the United States during the calendar year 1896, the director of the mint estimates the product of gold to have approximated \$51,500,000, being an increase of \$5,000,000 over 1895.

The product of silver in the United States in 1896, from the information now at hand, is estimated to have been from 52,000,000 to 53,500,000 fine ounces, a decrease of two and one-half to three million ounces from that of 1895.

Counted the Lo Family.

Storey county takes the cake for general all-round sharpness. A good sized bomb was exploded at the State Teachers' Institute when it was stated on good authority that Storey had been drawing school money on all her Indians between 6 and 18 years of age who had been included in the school census. What was the matter with our census takers?

What a Trocha Is.

There has been a good deal about the trocha in the Cuban war and many people do not know exactly what it means. The APPEAL consulted Gen. Poujade and Col. Boyle recently, two men of considerable military experience, and also Attorney General Judge, and they say a trocha is a narrow path crossing the main highway. Used as a war term it signifies a line of defense stretching across certain portions of the country, crossing all highways, and of course cutting off all travel.

Reno proposes to turn the State Fair over to Carson if this city will put up \$10,000 to reimburse Washoe county. District No. 1 ought certainly to be able to do it.

A NEW RAILROAD

It is to Run From Truckee to Tahoe City.

People of Nevada County Cal. have for a long time been anxious for a railroad from Truckee to Lake Tahoe for the accommodation of tourists whose numbers would be largely increased if there were railroad facilities between those points. Such a railroad would be of great value to shippers along the route. But there exists an obstacle in the way in shape of the law prescribing that all railroads operating in California must be operated continuously. Senator Prisk of Nevada and Assemblyman Robinson of the same county have prepared a bill to remove the legal obstacle without sacrificing or jeopardizing the rights of the people. The bill provides that all railroads operating in California whose lines of road are wholly constructed at an elevation of 5000 feet or more above the level of the sea shall only be required to maintain and operate their roads or to run passenger or freight trains thereon between May 1 and October 15 of each year.

The road will be built by Mr. Bliss, president of the Tahoe and Carson City Lumber Company, backed by merchants of Grass Valley and Truckee. He has been in the lumber business for many years, but since the suspension of so much work on the Comstock lode he has not been able, under present conditions, to find a very profitable market for his lumber. The road will open a market for himself and many others in various lines of business. It will run along the Truckee River and will be quite a scenic road and very attractive to travelers.

During the winter months snow lies along the entire route to a depth of ten to fifteen feet, and it is therefore impossible to travel or to transport merchandise during that season.

County Roads.

The APPEAL is the first paper on record to kick about money spent on roads.—News.

You are quite right neighbor if you mean the APPEAL is the first paper in Ormsby to kick about money spent on roads. The APPEAL is unfortunately the only paper in Ormsby that protests against needless extravagance in the expenditure of County money. The Empire road was put in very good order some years ago by Peterson and Muller. In October last the editor of the APPEAL was told that a lot of useless work was being done on the road between Carson and Empire. He rode over it and found a man plowing up a stretch of road that was nearly as smooth and level as Main street. Why a good road should be plowed up and made over when so many bad roads need repairing is a mystery to us. The road between Empire and Lake View was washed out by a freshet last spring, and has a gully in the center three feet deep and four feet wide for hundreds of yards, but no attempt has been made to repair it. Teams have to turn out in the sagebrush. The APPEAL believes that most of the money spent last year on the Empire road, was thrown away.

Nevada's Electoral Vote.

Yesterday afternoon Messrs. Ryan, Russell and Leet, the Presidential electors on the silver ticket met at the Capitol and canvassed the electoral vote of Nevada. They decided that it was cast for Bryan and selected Joseph Ryan of Storey to take it to Washington.

Dancing Club

A dancing club for the winter season was formed Saturday night. Eugene Howell was elected President, Geo. D. Oliver, Secretary and Treasurer, and an Executive Committee comprising the officers and Messrs. D. A. Bender, E. D. Vanderlieth and W. H. Cavell. The organization was called the Friday Night Dancing Club and a series of six dances at Armory Hall was determined upon.
